

INVITATION

Mechanical Engineering in Latvia – striving for excellence BUSINESS FORUM IN LIEPĀJA

February 2, 2017
Liepaja State Technical School
Ventpils Street 51, Liepaja, Latvia

On behalf of the Investment and Development Agency of Latvia and the Liepāja City Council we would like to cordially invite you to the Mechanical Engineering and Metalworking Industries Business Forum.

Since the last decades the mechanical engineering and metalworking has become one of the most prominent manufacturing and highly export-oriented sectors in Latvia.

Business Forum is launched to spur successful development in mechanical engineering, present opportunities and competitive advantages to establish business in Latvia or become a significant partner in global supply chain. The programme features outstanding presentations by renowned local and foreign speakers from industry and provides excellent opportunity to exchange experiences and discuss new global trends.

The main topics:

- Mechanical engineering in Latvia – statistics, insights, perspectives and challenges of today and beyond
- Competitive advantages for establishing the business in Latvia, especially in Liepāja
- Proficient education and competent human resources
- Financial support and co-funding of regional, national and international programmes
- Logistics

Within the framework of the Forum the professionally established matchmaking event covering interests of foreign buyers with the local Latvian companies may help to increase strong business relations in long term perspective and bring success to your business.

REGISTER NOW
