ABOUT US

Established in December **2014** by the **Science and Technology Park "TECHNOPARK GLIWICE"** and **SATUS Venture** (now FKZ Ltd.)

Purpose of the fund is to **co-finance research and development projects in the early stages of development** - projects in the proof-of-principle and proof-of-concept phase in order to increase the supply of R&D projects attractive to investors, venture capital or private equity in the medium term.

Source of funding: the National Centre for Research and Development (80%) and private investors (20%).
