2		Skins Agency	Leart Zogiani	<a href="mailto:leart@skins.agency">leart@skins.agency</a>	38344479313	Skins Agency is a strategic marketing and design agency comprised of a team of senior designers, strategists and a psychologist that specialize in brand creation, brand strategy, visual identity, user interface and user experience (UI/UX). Skins Agency believes that brands need not be designed. Just like our skin, brands represent what the world perceives of our personality. Thus, the brand needs to be weaved from the fabric of our personality, not invented from without. The company aims to reveal the personality of each brand from within. It translates data, values, and vision into visual and experiential stimuli to be exhibited to the world the client intends to serve. So far, Skins Agency has worked with over 120 clients from 15 countries, helping them reach crowdfunding campaigns, financial goals and scale internationally.
