Dubai Company Profiles
Poland & Hungary
23 – 27 Nov 2026

NEW HORIZONS

ORGANISED BY DUBAI CHAMBER INTERNATIONAL

#	Company	Sector	Website	Business Activity	Company Profile	Interested to Meet with
1	**Dannygreen Middle East**	Agriculture	www.dannygreenmiddleeast.com	Agricultural Production, Food Manufacturing, FMCG Trading, Import, Export & Distribution.	Dubai-based company representing DannyGreen Corporation, a Vietnamese agricultural and food manufacturing group operating eight farms across 1,500+ hectares, including 500+ hectares of organic farming. Its portfolio includes coffee, canned beverages, canned foods, fresh produce, and spices. The group operates internationally and seeks to expand into Poland and Hungary.	Food importers and distributors: Partners supplying supermarkets and retail chains. Coffee wholesalers: Buyers of Robusta green coffee beans (S16 and S18). Beverage and canned food distributors: Buyers of canned juices, tuna, and crab. Retailers and private-label partners: Supermarket chains and companies seeking branded or customized products. Joint venture partners: Companies interested in long-term market development. Priority: Secure distributors for green coffee beans, canned juices, and canned foods, with opportunities for private-label production and joint ventures.
2	**GHAFF**	Beauty & Cosmetics	https://ghaff.ae	Luxury Fragrance Development, Branding & Retail.	GHAFF is an Emirati luxury fragrance brand launched in June 2026, offering six exclusive 75 ml perfumes inspired by Emirati culture and heritage. Developed in collaboration with master perfumers from France and Italy and assembled in the UAE, the brand focuses on niche, high-end fragrances. GHAFF is seeking to enter Poland and Hungary while preserving its premium positioning and exploring wider European expansion.	Luxury fragrance distributors: Experienced partners specializing in niche and high-end perfume brands. Premium perfume retailers: Luxury boutiques and specialty fragrance stores. High-end retail platforms: Established retailers such as Douglas, Notino, and selected luxury beauty outlets. Brand development partners: Distributors capable of managing local inventory, retail placement, marketing, and brand activation. Priority: Establish partnerships with experienced luxury fragrance distributors and premium retailers, avoiding mass-market channels.
3	**Mohamad Nabhan Lutfi Perfumes L.L.C**	Beauty & Cosmetics	www.fragrantica.com	Perfume Manufacturing, Fragrance Trading, Private-Label Production & Bespoke Fragrance Development.	Dubai-based perfume manufacturer with 50 years of perfumery experience and operations in the UAE since 2000. Specializes in niche and premium fragrances, offering five own brands, including Teeb Al Ghawali, MLB, Blue Blanc, Flor Pierre Loquier, and Moss. Provides end-to-end private-label fragrance development, from formulation to customized packaging, with manufacturing partnerships in the UAE, France, and Spain. The company has an established European presence and seeks to expand into Poland and Hungary.	Fragrance distributors: Partners specializing in niche and premium perfumes. Luxury perfume retailers: Perfumeries, beauty boutiques, and specialty fragrance stores. Private-label clients: Cosmetics companies, fashion brands, retailers, and entrepreneurs seeking customized fragrance lines. Personal and lifestyle brands: Influencers, celebrities, and designers interested in launching their own perfumes. Beauty and cosmetics manufacturers: Polish and Hungarian companies seeking distribution opportunities in the UAE. Priority: Expand distribution of its own premium fragrance brands while securing private-label manufacturing partnerships and exploring two-way trade opportunities with Poland and Hungary.
4	**Eva Bay**	Beauty & Cosmetics	www.evabay.ae	Beauty & Cosmetics Trading, Wholesale Distribution, E-commerce & Private-Label Product Development.	Dubai-based beauty and cosmetics company specializing in skincare, hair care, and colour cosmetics. Currently distributes products sourced from international manufacturers across the UAE and Saudi Arabia through wholesale and e-commerce channels. The company aims to develop its own beauty brand, initially launching 5–10 products tailored to GCC consumer needs, while exploring European manufacturing and distribution partnerships.	Private-label and OEM/ODM manufacturers: Partners for customized skincare, hair care, and colour cosmetics. Cosmetics ingredient and packaging suppliers: Companies offering innovative formulations, product development, and packaging solutions. Beauty distributors and wholesalers: Potential partners for existing products and future own-brand ranges. Beauty retailers and e-commerce platforms: Bulk buyers and distribution partners. Professional salon suppliers: Distributors serving salons and beauty professionals. Priority: Identify European manufacturing partners for own-brand development, with an initial production target of 1,000–3,000 units per SKU, while expanding wholesale and distribution opportunities in Poland and Hungary.
5	**Aroma Ambiance Perfumes LLC**	Beauty & Cosmetics	www.aroma-247.com	Scent Marketing, Fragrance Manufacturing & Professional Scenting Solutions.	Dubai-based scent marketing and fragrance company specializing in professional scent diffusion systems, aroma oils, home fragrances, and customized signature scents. Operating in over 26 countries, the company serves hospitality, corporate, retail, and residential markets. Its portfolio includes HVAC-integrated scenting systems, commercial and home diffusers, scented candles, and room sprays. The company is ISO 9001 certified and is expanding its international distribution and retail presence.	Exclusive distributors: Country-level partners experienced in hospitality, corporate, and premium retail sectors. Hospitality groups: Luxury hotels, resorts, and hotel operators seeking scent marketing solutions. Commercial clients: Corporate offices, shopping malls, hospitals, and airports. Retail partners: Premium retailers interested in home fragrances and scent diffusion products. Priority: Appoint one exclusive distributor in each of Poland and Hungary, with the financial capacity and commitment to invest in local brand development, distribution, and retail expansion.L30:N31
6	**Yusuf Madappen Perfumes Manufacturing L.L.C**	Beauty & Cosmetics	www.yusufbhaifragrances.com	Luxury Perfumery, Fragrance Manufacturing, Customized Perfumes, Wholesale Distribution, Franchising & White Label Production.	Dubai-based luxury perfume house with 30 years of experience, employing over 200 people and operating more than 10 outlets internationally. Offers a collection of over 5,000 fragrance oils and specializes in personalized fragrances through its signature live blending experience, allowing customers to create customized perfumes in-store. The company also offers white-label manufacturing and franchising opportunities and seeks to establish its presence in Poland and Hungary.	Perfume wholesalers and distributors: Established partners with strong retail networks, preferably experienced in Gulf fragrances. Luxury retailers and e-commerce platforms: Businesses specializing in premium fragrances and online perfume sales. Franchise and retail partners: Potential partners for flagship showrooms featuring live perfume blending. Fragrance and packaging suppliers: Manufacturers of fragrance oils, perfume bottles, and packaging accessories. Priority: Establish wholesale partnerships in Poland and Hungary, with the potential to transition into exclusive master distribution agreements. Explore opportunities for flagship showrooms offering personalized live blending experiences, alongside sourcing high-quality fragrance ingredients and packaging materials from European suppliers.

7	**MIH Group**	Building Material & Construction	www.mihgroup.co	Building Materials Trading, Aluminium Manufacturing, Timber & Wood Products, Wholesale Distribution & Industrial Investment.	Dubai-based, family-owned industrial and trading group established in 1975, specializing in construction materials, aluminium, glass, stainless steel, hardware, and wood products. Employs over 500 people and sources materials from more than 30 countries for distribution across the GCC. The company seeks to establish operations in Poland and Hungary through large-scale sourcing, export partnerships, logistics centres, and future manufacturing investments.	Timber producers and sawmills: Large-scale suppliers of spruce, pine, fir, and sawn timber. Wood panel manufacturers: Producers of chipboard, MDF, and plywood. Kitchen and furniture manufacturers: Potential buyers of aluminium profiles, panels, fittings, and hardware. Construction materials distributors: Partners for distributing aluminium extrusions and related products in Europe. Investment and business setup providers: Legal advisers, company formation specialists, and industrial real estate developers. Priority: Establish a commercial and operational presence in Poland and Hungary through large-scale timber sourcing, aluminium and hardware exports, and the development of logistics centres, with future plans for manufacturing and value-added production facilities.
8	**Elite Artistic Touch**	Building Material & Co	www.elitefitouts.ae	Interior Design, Turnkey Fit-Out Contracting, Smart Interior Solutions, Joinery Manufacturing & Building Materials Sourcing.	Dubai-based interior design and turnkey fit-out company specializing in residential, commercial, hospitality, retail, and F&B projects. Provides end-to-end services, including design, 3D visualization, technical drawings, project execution, and in-house joinery manufacturing. The company differentiates itself through the integration of smart technologies into interior designs from the planning stage, with experience in luxury developments such as Armani Residences at Burj Khalifa.	Interior design and fit-out contractors: Potential partners for joint project delivery and market expansion in Poland, Hungary, and the GCC. Architecture and design firms: Companies interested in design collaboration, 3D visualization, technical drawings, and specialist consultation. Construction and property development companies: Potential clients and partners for residential, commercial, and hospitality projects. Building materials and hardware suppliers: Manufacturers and distributors of wood, metal, fixings, trim profiles, and finishing accessories. Joinery machinery and equipment suppliers: Companies supplying specialized tools, machinery, and production equipment. Priority: Establish strategic partnerships in Poland and Hungary to enter the European fit-out market through local execution partners, while offering reciprocal access to projects in Dubai and the GCC. Additionally, identify European suppliers of high-quality materials, accessories, tools, and machinery to support the company's in-house production and fit-out operations.
9	**Tajchem (Taj Al Mulook General Trading)**	Chemicals	www.tajchem.com	Chemical Trading, Distribution & Supply of Industrial Raw Materials	Dubai-based chemical trading and distribution company with over 35 years of experience and 100+ employees. Specializes in polyurethane chemicals, plastics, polymers, and industrial raw materials. Operates internationally, with established business relationships in Europe, the Middle East, Africa, and Asia. Seeking to expand into Poland and Hungary through direct supply partnerships, with potential for local investment and establishment.	Mattress and foam manufacturers: Buyers of TDI, polyol, mattress fabrics, and foam-related chemicals. Furniture manufacturers: Producers of sofas, chairs, and upholstered furniture requiring chemical raw materials and accessories. Plastics and packaging manufacturers: Buyers of plastic granules, polymers, and packaging raw materials. Industrial manufacturers: Companies in automotive plastics, construction chemicals, and related sectors. Priority: Direct engagement with manufacturers and end users, particularly CEOs, procurement managers, and sourcing decision-makers, rather than chemical traders.
10	**NIKAI Group of Companies**	Electronics	https://www.nikai.com	Consumer Electronics, Home Appliances, International Trading, Distribution & Retail.	Dubai-headquartered international business group with over 25 years of NIKAI brand presence across 60+ countries and a portfolio of more than 400 consumer electronics and home appliance products. Its range includes televisions, air conditioners, refrigerators, washing machines, kitchen appliances, and small domestic appliances. NIKAI seeks to establish a structured distribution network in Poland and Hungary as part of its expansion into the European market.	Consumer electronics and home appliance distributors: Established importers and distributors with strong local market coverage. Major electronics retailers and buying groups: Retail chains specializing in televisions, household appliances, and consumer electronics. E-commerce platforms and online retailers: Companies with established online sales channels for electronics and appliances. Regional distributors and wholesalers: Partners with distribution networks across Poland, Hungary, and Central and Eastern Europe. Strategic business partners: Companies interested in exclusive category distribution, country representation, and long-term market development. Priority: Appoint established distribution partners in Poland and Hungary, focusing initially on LED televisions, air fryers, robotic vacuum cleaners, coffee makers, and other small domestic appliances. NIKAI prefers exclusive or limited distribution arrangements by product category, supported by competitive pricing, marketing assistance, and after-sales service. Poland may also serve as a future distribution hub for Central and Eastern Europe.
11	**Sky River Filters & Purification Devices Trading**	Environmental Solutions & Services	www.skyriversystems.com	Water Treatment & Filtration, Sustainable Water Solutions, Environmental Technologies & Distribution.	Dubai-based, Emirati-owned company specializing in water purification, filtration, and sustainable water solutions. Offers water dispensers, atmospheric water generators, reverse osmosis systems, and technologies designed to reduce single-use plastic consumption. Serving government, corporate, and hospitality clients, the company seeks to expand into European markets while introducing innovative environmental technologies to the GCC.	Water treatment and filtration manufacturers: Producers of advanced purification, dispensing, and water-generation technologies. Sustainability technology providers: Companies developing biodegradable products, plastic alternatives, and environmentally friendly solutions. European distributors: Partners interested in introducing Sky River's products to Poland and Hungary. Technology and manufacturing partners: Companies exploring joint ventures, product development, and sustainable innovations. Business expansion partners: Companies supporting market entry and potential establishment of European operations. Priority: Establish distribution partnerships for Sky River's products in Poland and Hungary, source innovative European sustainability technologies for GCC distribution, and explore joint ventures for developing environmentally friendly products and solutions.
12	**Moghuls Trading Company LLC**	FMCG Trade	www.moghulstrading.com	Food & FMCG Trading, Import, Export, Wholesale Distribution & Private Label.	Dubai-based food and FMCG trading company specializing in sourcing, importing, exporting, and distributing consumer products across the UAE, GCC, and African markets. Operates its own Global Phoenix brand, offering edible oils, rice, cereals, spices, pulses, canned foods, and snacks. The company provides warehousing, logistics, private-label services, and marketing support, and seeks to develop two-way trade with Poland and Hungary, as well as distribution opportunities in ASEAN markets.	Food and FMCG manufacturers: Suppliers seeking distribution in the UAE, GCC, Africa, and ASEAN markets. Importers and distributors: Potential buyers of Global Phoenix and other food products in Poland and Hungary. Wholesalers and retailers: Buyers of packaged foods, groceries, and consumer products. Private-label partners: Retail groups interested in customized food products and bulk supplies. Electronics suppliers: Potential sourcing partners within the company's additional business scope. Priority: Establish long-term, preferably exclusive distribution partnerships, focusing on competitively priced, shelf-stable food and FMCG products while expanding Global Phoenix into European markets.

13	**Rara Royal Foodstuff Trading LLC**	FMCG Trade	www.rararoyalfoods.com	Foodstuff Trading, Import, Export, Wholesale Distribution & Logistics.	UAE-based food importer and distributor operating since 2006, sourcing food products from Asia and distributing across the UAE and GCC. Supplies major retailers, including Lulu Hypermarket and West Zone, as well as hotels, restaurants, and its own grocery stores. Its portfolio includes fruits, vegetables, cereals, noodles, and other food products. The company seeks to expand its supplier network by sourcing competitively priced food products from Poland and Hungary.	Food manufacturers and exporters: Suppliers of packaged foods, cereals, noodles, and other food products. Frozen food producers: Particularly frozen vegetables, which have strong demand in the Middle East. Agricultural and food processors: Producers of fruits, vegetables, and related food products. Food brands seeking GCC distribution: Manufacturers interested in entering the UAE market through an established local distributor. Priority: Establish long-term sourcing partnerships with manufacturers offering competitive pricing, consistent quality, and reliable year-round supply. Prefers exclusive distribution arrangements but is open to starting with trial orders before formalizing exclusivity.
14	**Perfecta General Trading**	FMCG Trade	www.perfectaonline.com	Foodstuff Trading, Food Service Supply, Private-Label Products & International Sourcing.	UAE-based family-owned food trading company established in 2001, specializing in private-label food products for the food service sector. Operates across the GCC and selected international markets, with a European branch in Germany. The company seeks to expand its sourcing network by partnering directly with Polish and Hungarian food manufacturers to supply products under its Perfecta brand.	Dairy manufacturers: Producers of frozen cheeses suitable for food service. Edible oil producers: Manufacturers of sunflower oil. Frozen food manufacturers: Suppliers of appetizers, onion rings, and potato products. Sauce and condiment manufacturers: Producers of mayonnaise, dressings, and shortenings. Private-label manufacturers: Food producers offering customized packaging and moderate order quantities. Priority: Establish direct sourcing partnerships with Polish and Hungarian manufacturers for private-label frozen and long-shelf-life food products, particularly cheeses, sunflower oil, appetizers, and sauces, for distribution across the GCC.
15	**Kaniar foods industries LLC**	Food & Beverages	www.Kaniardubai.com	Dairy Products Manufacturing, Trading, Import & Export	UAE-based dairy manufacturer and trader specializing in cheese, butter, milk powder, and specialty dairy products. HACCP and ISO 22000 certified, serving retail, foodservice, and hospitality sectors. Primarily operates in the UAE, with exports to Saudi Arabia, Qatar, and Bahrain. Seeking to expand sourcing partnerships in Poland and Hungary while exploring European export opportunities.	Dairy manufacturers: Direct suppliers of cheese, butter, cream, and milk powder. Raw material suppliers: Cagliata, rennet, and butter blocks for UAE production. Importers and distributors: Potential buyers of UAE-manufactured dairy products in Poland and Hungary. Private-label manufacturers: Partners offering customized dairy products. Priority: Direct sourcing from producers, preferably without exclusive UAE representation.
16	**Ghutra Goods Wholesaler LLC**	Food & Beverages	www.grains.ae	Agricultural Commodities Trading, Food Import & Export, Wholesale Distribution & Digital B2B Trading.	Dubai-based agricultural commodities trading company operating through its Grains Hub platform, specializing in sourcing and distributing food commodities. Currently focused on rice sourced from India, Pakistan, and Thailand, with plans to diversify into additional agricultural and food products. The company seeks partnerships with Polish and Hungarian producers to introduce competitive products to the UAE, GCC, and African markets.	Grain producers and millers: Suppliers of cereals, oats, barley, buckwheat, and speciality flours. Food manufacturers and processors: Producers of pasta, canned foods, dairy ingredients, and frozen vegetables. Agricultural exporters: Established suppliers capable of consistent, container-level shipments. Private-label manufacturers: Producers offering customized packaging and white-label solutions. Food commodity suppliers: Companies offering innovative or underrepresented products with potential in the GCC. Priority: Establish direct sourcing partnerships with Polish and Hungarian food manufacturers and exporters, initially through product evaluation and trial shipments, with the aim of developing sustainable, large-volume B2B trade in the UAE and GCC.
17	**Aligned Edges**	ICT and Innovation	https://www.alignededges.com	ICT Systems Integration, Cybersecurity, Data Centre Infrastructure & Technology Solutions.	UAE-based technology systems integrator specializing in ICT infrastructure, cybersecurity, data centres, physical security, and advanced technology solutions. Serves government, semi-government, and enterprise clients, with expanding activities in the US, UK, and Europe. The company seeks partnerships with Polish and Hungarian technology providers to support joint projects and international business development.	Technology manufacturers: Suppliers of ICT hardware, cabling, UPS systems, racks, and electronic components. Cybersecurity and software companies: Providers of security, cloud, AI, and software solutions. Data centre solution providers: Companies specializing in infrastructure, high-performance computing, and related technologies. Engineering and systems integration firms: Partners for technical collaboration, outsourcing, and joint project delivery. Technology startups: Developers of innovative, niche solutions with commercial potential. Priority: Establish strategic partnerships with Polish and Hungarian technology providers for joint project bidding, technology integration, and international business opportunities, particularly in ICT, cybersecurity, AI, and data centre infrastructure.
18	**Online Computer Technologies LLC**	ICT and Innovation	www.oct-services.com	ICT Distribution, Cybersecurity, Computing Hardware & Physical Security Solutions.	Dubai-based technology distributor established in 2009, specializing in ICT hardware, network security, computing infrastructure, and surveillance solutions. Represents international brands including Lenovo, Fortinet, H3C, Hillstone, and Dahua, with established distribution networks across the GCC and Pakistan. The company seeks to diversify its portfolio by introducing competitive European technologies from Poland and Hungary.	Cybersecurity manufacturers: Providers of firewalls, network security appliances, and related solutions. Computing hardware manufacturers: Suppliers of servers, desktops, laptops, and biometric technologies. Physical security companies: Manufacturers of CCTV and surveillance systems. Technology developers: Established Polish and Hungarian companies offering innovative hardware and specialized software solutions. Priority: Secure non-exclusive distribution agreements with Polish and Hungarian technology manufacturers, particularly for competitively priced mid-range products suitable for distribution across the GCC and Pakistan.
19	**Jawhara Jewellery**	Jewellery Retail	https://jawharajewellery.com/	Gold & Diamond Jewellery Manufacturing, Wholesale Distribution & Retail.	UAE-based jewellery manufacturer and retailer operating over 300 stores across the GCC and internationally. Specializes in 18K, 21K, and 22K gold jewellery, natural diamonds, and precious gemstones, with a strong focus on gifting and exclusive collections. The company seeks to expand into Poland and Hungary through wholesale partnerships, online retail, and potential branded retail collaborations.	Jewellery wholesalers and distributors: Partners supplying local jewellery markets. Jewellery retail chains: Established retailers interested in sourcing UAE-manufactured gold and diamond jewellery. Online retailers and marketplaces: Platforms offering wholesale, marketplace, or dropshipping opportunities. Luxury department stores: Potential partners for branded Jawhara jewellery corners. Priority: Establish wholesale distribution partnerships in Poland and Hungary, with secondary opportunities in e-commerce and branded retail. Open to white-label supply and exclusive partnerships for Jawhara-branded collections.

20	**MEGARME**	Oil & Gas	www.megarme.com	Industrial Contracting, Rope Access Services, Asset Integrity Inspection, Maintenance & Engineering Solutions.	Dubai-based industrial contracting company established in 1993, specializing in work-at-height solutions, rope access, asset integrity inspection, and industrial maintenance. Employs approximately 600 people and serves major clients across the oil and gas, marine, construction, and infrastructure sectors, including ADNOC and Saudi Aramco. The company seeks to establish a European headquarters in Poland or Hungary to expand its specialist services across the European market.	Industrial and manufacturing companies: Businesses requiring asset integrity inspections, maintenance, and specialized technical services. Construction and infrastructure contractors: Companies involved in bridges, buildings, steel structures, and large-scale projects. Asset owners and facility management companies: Operators requiring inspection, corrosion assessment, and maintenance services. Engineering and EPC contractors: Potential partners for subcontracting, joint bidding, and specialist work-at-height services. Wind energy companies: Operators requiring rope access and turbine blade maintenance services. Government and municipal entities: Organizations responsible for infrastructure inspection and maintenance. Priority: Establish a European operational presence through partnerships with industrial contractors, infrastructure companies, and asset owners in Poland and Hungary, promoting MEGARME's rope access, inspection, and maintenance capabilities for projects across Europe.
21	**Al-Ghaf Dynamics** ***Only in Hungary**	Pharmaceuticals & Biotechnology	www.ghafdynamics.com	Healthcare & Life Sciences, International Business & Strategic Partnerships.	Dubai-based healthcare and life-sciences company specializing in strategic partnerships, and cross-border business development. Supports healthcare innovation, digital health, biotechnology, pharmaceuticals, and medical technologies through market intelligence, regulatory expertise, stakeholder engagement, and commercial partnership development.	Healthcare and life-sciences companies Pharmaceutical and biotechnology firms Medical technology and digital-health companies Healthcare institutions and research organizations
22	**A J S G Rise General Trading L.L.C**	Plastic & Rubber	www.ajsgrise.com	Recyclable Materials Trading, Scrap Tyre Sourcing, Synthetic Rubber Trading & International Recycling Supply.	Dubai-based trading company specializing in sourcing scrap tyres, end-of-life tyres, synthetic rubber, and recyclable materials for recycling facilities in India. Works with recycling plants across several Indian states, supplying materials for rubber processing, material recovery, and recycling. The company seeks to establish sourcing partnerships in Poland and Hungary to expand its international supply network.	Waste management companies: Suppliers of collected and segregated end-of-life tyres and recyclable materials. Scrap and recycling companies: Businesses holding commercial quantities of scrap tyres, tubes, and synthetic rubber. Tyre collectors and consolidators: Companies capable of supplying consistent, large-volume shipments. Local trading and logistics partners: Potential partners for material consolidation, warehousing, and export operations. Joint venture partners: Companies interested in developing long-term recycling material supply operations. Priority: Establish direct procurement partnerships with Polish and Hungarian waste management and recycling companies, targeting minimum volumes of 500 metric tonnes per month per supplier, with direct shipments to recycling facilities in India. Explore potential joint ventures and future investments in material consolidation and warehousing facilities.
23	**Global Polychem General Trading LLC**	Plastic & Rubber	www.globalpolychem.ae	Polymer Trading, Rubber Raw Materials, Petrochemical Products, Plastic & Rubber Recycling Materials, and International Sourcing.	Dubai-based international trading company specializing in polymers and rubber raw materials, sourced directly from major petrochemical producers in the UAE, Saudi Arabia, Oman, and the United States. Supplies virgin, off-grade, and recycled polymers, including PP, PE, HDPE, LDPE, ABS, and EVA, alongside synthetic rubber materials such as EPDM, SBR, NBR, and BR. The company serves manufacturers and distributors across Europe and international markets and seeks to expand its customer base in Poland and Hungary.	Plastic and rubber manufacturers: Producers of packaging, industrial plastics, seals, gaskets, and rubber products. Polymer and rubber distributors: Importers, traders, and wholesalers of petrochemical raw materials. Plastic and rubber recyclers: Companies purchasing off-grade and recycled materials. Raw material suppliers: Producers and distributors of carbon black, industrial waxes, polymers, and rubber materials. Priority: Expand direct sales of polymers and synthetic rubber raw materials in Poland and Hungary, targeting manufacturers, distributors, and industrial end users. Additionally, identify suppliers of carbon black, industrial waxes, and other specialty raw materials, while leveraging Poland as a gateway to Central and Eastern European markets.
24	**Millennials General Trading L.L.C**	Retail	https://millennialsgroups.com	Fashion & Lifestyle Trading, Retail, Franchise Management, Wholesale Distribution & Brand Expansion.	Dubai-based fashion and lifestyle trading company established in 2021, specializing in retail, franchise operations, off-price wholesale, and international brand expansion. Operates across the GCC, Africa, and CIS markets, with a portfolio covering fashion, footwear, accessories, and beauty products. Maintains partnerships with international brands and major regional retail groups, seeking to expand its sourcing and distribution network in Poland and Hungary.	Fashion and lifestyle brands: Companies seeking franchise or distribution partnerships in the GCC, Africa, and CIS. Off-price wholesalers: Suppliers of excess inventory, end-of-line stock, and branded merchandise. Manufacturers and producers: Suppliers offering competitive pricing and bulk quantities. Retail chains and distributors: Partners interested in introducing GCC brands to Poland and Hungary. Beauty and accessories suppliers: Brands offering cosmetics, eyewear, jewellery, bags, and related products. Priority: Establish partnerships with Polish and Hungarian fashion brands for international expansion, source competitively priced off-price inventory, and identify retail partners for introducing GCC brands into European markets.
25	**Alpha Art Gifts**	Trading	www.eventgift.net	Corporate Gifting, Promotional Products, Wholesale Distribution & Consumer Lifestyle Products.	Dubai-based corporate gifting and promotional products company operating since 2009, with over 500 active distributors across the GCC and Africa. Offers more than 1,000 products, including drinkware, bags, technology accessories, and gift sets. Owns two brands, Botella (drinkware) and Oryx (bags and lifestyle products). With established international sales experience, the company aims to expand into Poland and Hungary through distribution and retail partnerships, leveraging its ready stock in Dubai, in-house customization, and fast delivery capabilities.	Promotional product distributors: Wholesalers and corporate gifting suppliers. Advertising and event management agencies: Buyers of branded merchandise and promotional gifts. Corporate clients: Companies purchasing promotional products directly. Retailers and hypermarkets: Potential distribution and retail partners for Botella and Oryx. Strategic partners: Companies interested in distribution agreements or joint ventures. Priority: Secure distribution and retail partnerships for Botella and Oryx, while expanding corporate gifting sales in Poland and Hungary. Prefers engagement with CEO-level decision-makers.
